Graffiti by Banksy on the "separation fence"

This CD has been produced to raise money for the Balata London Link, formed to bring young refugees from Balata Refugee Camp in the occupied West Bank on a visit to Britain to link up with youth arts/dance groups and give a taste of "normal" life.

*The artistes have all donated their recordings to support this aim.*

**Côr Cochion Caerdydd** have campaigned since 1983 for peace, justice and freedom. Since a solidarity tour of Palestine in 1994 they have continued to raise awareness and collect funds to support schools and hospital projects in the Occupied Territories, and for Palestinian and Israeli peace groups [wendy.lewis2@aladdinscave.net](mailto:wendy.lewis2@aladdinscave.net)

**Duo Doloroso:** Waters of Galilee comes from a CD of songs which was created to raise awareness of the terrible plight of the Palestinian people. [duodoloroso@yahoo.co.uk](mailto:duodoloroso@yahoo.co.uk)

**David Rovics** is the musical voice of the progressive movement in the US. Since the mid-90's Rovics has spent most of his time on the road, playing throughout North America, Europe, Latin America and the Middle East. His recordings are available for free download on his website, [www.davidrovics.com](http://www.davidrovics.com). He will make you laugh, he will make you cry, and he will make the revolution irresistible.

**Doc Jazz** is the musical alias of Tariq Shadid, Palestinian resident in Holland and founder of The Musical Intifada. He composes and records songs in various styles of music, including rock and smooth jazz that mostly have English lyrics, although some songs are in Arabic, and some in Dutch. **Jerry Spring** - London. Always the question arises, why cannot the Jews who support the state of Israel relate the suffering of the Jews to the plight of the people of Palestine. I try to express these views in 'No Peace of Mind'. [sajspring@tiscali.co.uk](mailto:sajspring@tiscali.co.uk)

**Raised Voices** is a London-based political choir of women and men. We sing a continually developing repertoire of left, environmental, anti-war, feminist, internationalist, anti-racist and other political songs, including songs from other cultures. **Strawberry Thieves Socialist Choir** takes its name from a wallpaper design by William Morris, England's foremost communist campaigner! Our songs are old and new, from Britain and further afield.
